Index

These volumes contain a critical edition of every letter written by Joseph Scaliger or sent to him which the editors have been able to locate. The text of every known source for this correspondence has been examined, and where possible collated. The notes accompanying each letter are intended to bring together information which allows the reader to understand its immediate concerns and its wider significance in Scaliger's life. In pursuit of this end, an attempt has been made to assign a date to every undated letter in the corpus.

English synopses have been provided for each letter to enable their contents to be quickly assessed.

Toutes les lettres écrites ou reçues par Joseph Scaliger qui ont pu être collectées sont rassemblées dans cette somme de huit volumes. Chacune des sources connues de cette correspondance a été examinée et, dans la mesure du possible, collationnée. Ces lettres sont accompagnées de notes qui permettront au lecteur d'apprécier à la fois la portée immédiate de ces écrits, mais aussi, à une plus large échelle, leur importance dans la vie de Scaliger.

Afin de faciliter la lecture de ces documents, chaque lettre est accompagnée d'un bref résumé en anglais.
